

Course Description

This course covers the latest advances in techniques and procedures for flexible endoscopy and reviews advances made for the endoscopic team. Didactic presentations are followed by hands-on inanimate and animate labs covering the following therapies/procedures:

- Hemostatic clipping
- Biliary stenting
- Colonic/duodenal stenting
- Esophageal stenting
- Endoluminal fundoplication procedure for GERD
- Radiofrequency ablation for Barrett's Esophagus

Target Audience

- Gastroenterologists
- Surgical Endoscopists
- Surgical Oncologists
- Colo-Rectal Surgeons
- Technicians
- Nurses

Faculty

UNIVERSITY OF MIAMI FACULTY

Jose M. Martinez, MD, FACS – Course Director

Chief, Section of Surgical Endoscopy
 Assistant Director, Center of Excellence for Laparoscopic and Minimally Invasive Surgery
 Assistant Professor
 Division of Laparoendoscopic and Bariatric Surgery
 DeWitt Daughtry Family Department of Surgery

Javier Andrade, MD

Clinical Instructor
 Division of Laparoendoscopic and Bariatric Surgery
 DeWitt Daughtry Family Department of Surgery

Alberto R. Iglesias, MD

Assistant Professor
 Division of Laparoendoscopic and Bariatric Surgery
 DeWitt Daughtry Family Department of Surgery

Javier L. Parra, MD

Assistant Professor of Clinical Medicine
 Division of Digestive Health and Nutrition

INVITED FACULTY

Brian J. Dunkin, MD, FACS

Head, Section of Endoscopic Surgery
 Medical Director, MITIE™ (Methodist Institute for Technology, Innovation, and Education™)
 The Methodist Hospital, Houston, TX

Christopher C. Thompson, MD, MHES

Director of Developmental Endoscopy
 Brigham and Women's Hospital
 Faculty Member
 Co-Director, CIMIT Working Group on Endoscopic Surgery
 Harvard Medical School, Boston, MA

Course Schedule

7:30 am	Registration and Continental Breakfast	
8:00 am	Welcome – Introductions	Jose M. Martinez, MD
8:20 am	Management of Barrett's Esophagus	Brian J. Dunkin, MD
8:45 am	Endoluminal Stenting and Removability	Brian J. Dunkin, MD
9:10 am	Advances in Cholangioscopy and Therapeutic Treatment Options	Jose M. Martinez, MD
9:35 am	Questions – Answers	All Faculty
10:00 am	Break	
10:15 am	Endoluminal Hemostasis: Managing High Risk Patients in Low Risk Procedures	Javier L. Parra, MD
10:40 am	Endoscopic Management of Surgical Complications	Christopher C. Thompson, MD, MHES
11:05 am	Frontiers in the Management of Gastroesophageal Reflux Disease (GERD)	Jose M. Martinez, MD
11:30 am	Questions – Answers	All Faculty
12:00 pm	Complete Morning Sessions Evaluation	Morning-only Participants
12:15 pm	Lunch	Afternoon-only Participants
1:00 pm	Inanimate Hands-On Session: Stents and Clips	Afternoon-only Participants
2:00 pm	Animate Hands-On Session	Afternoon-only Participants
4:00 pm	Complete Evaluations, Survey	Afternoon-only Participants

This course is made possible by unrestricted educational grants and in-kind support from the following companies:

BÄRRX Medical
Boston Scientific Corporation, Inc.
EndoGastric Solutions
Karl Storz Endoscopy-America, Inc.

ADVANCES IN FLEXIBLE ENDOSCOPY

Presented by

University of Miami Miller School of Medicine
 DeWitt Daughtry Family Department of Surgery
 Division of Laparoendoscopic Surgery

DECEMBER 5, 2009

Morning Didactic Presentations:
 Lois Pope Life Center Auditorium

Afternoon Hands-On Lab Sessions:
 Center of Excellence for Laparoscopic and Minimally Invasive Surgery

UNIVERSITY OF MIAMI
 MILLER SCHOOL
 of MEDICINE

Educational Objectives

Upon completion of this course, participants should be able to:

- Formulate an appropriate algorithm for the management of Barrett's esophagus.
- Formulate an appropriate algorithm for the management of benign and malignant intestinal strictures.
- Determine appropriate indications for plastic versus metallic biliary stenting.
- Evaluate recent technique and equipment advances in biliary endoscopy.
- Compare the properties of different cholangioscopy technologies.
- Compare the properties of the available hemostatic modalities.
- Determine appropriate endoscopic modalities available to treat complications such as fistulas, leaks, and perforations.
- Formulate an appropriate algorithm for the management of Gastroesophageal reflux disease (GERD).
- Apply techniques for therapeutic flexible endoscopy practiced in a faculty-supervised hands-on animate and inanimate laboratory sessions.
- Apply endoscopic techniques for the management of Barrett's esophagus.

Accreditation Statement

The University of Miami Leonard M. Miller School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation

The University of Miami Leonard M. Miller School of Medicine designates this educational activity for a maximum of 6.5 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

DISCLOSURE AND CONFLICT OF INTEREST RESOLUTION:

All conflicts of interest of any individual in a position to control the content of this CME activity will be identified and resolved prior to this educational activity being provided. Disclosure about provider and faculty relationships, or the lack thereof, will be provided to learners.

Nursing Credit

The Jackson Memorial Hospital Department of Education and Development is an Approved Provider from the Florida State Board of Nursing for Continuing Education (Provider number NCE 50-3115). Registered nurses attending this program can earn up to 4 contact hours.

This educational activity has been submitted to the Society of Gastroenterology Nurses and Associates, Inc. for approval. The Society of Gastroenterology Nurses and Associates, Inc. is accredited as an approver of continuing education in nursing by the American Nurses Credentialing Center's Commission on Accreditation.

Course Logistics & Registration

Hotel

Please contact the Course Administrator if you need a hotel room. The course hotel is:

Marriott Biscayne Bay Hotel

1633 North Bayshore Drive ▪ Miami, FL 33132
Tel: 305-374-3900 ▪ Fax: 305-536-6411

The rate is \$139 plus taxes and is based on availability at the time of the reservation. Participants are responsible for their own travel arrangements.

Course Location

University of Miami Miller School of Medicine

Morning Didactic Presentations:

Lois Pope Life Auditorium – 7th Floor

Afternoon Hands-On Lab Sessions:

Center of Excellence for Laparoscopic and Minimally Invasive Surgery

The Lois Pope Life Center and the Center of Excellence for Laparoscopic and Minimally Invasive Surgery are in adjacent buildings located on the campus of the University of Miami Miller School of Medicine. The University medical campus is approximately 25 minutes from Miami International Airport.

Lois Pope Life Center

7th Floor Auditorium ▪ NW 10th Street

Center of Excellence for

Laparoscopic and Minimally Invasive Surgery

McKnight Research Building

1638 NW 10th Avenue, Room 814, Miami, FL 33136

Course Fees

Physicians – Didactic only	Morning	\$75
Physicians – Didactic and Hands-on Labs	All Day	\$175
Fellows, Residents – Didactic only	Morning	\$20
Nurses, Allied Health Personnel – Didactic only	Morning	\$20

To Register, Mail or Fax to:

Susan Mazzola, Course Administrator
University of Miami Miller School of Medicine
McKnight Research Building, Room 802
1638 NW 10th Avenue, D-880 ▪ Miami, FL 33136
Tel: 305-326-6480 ▪ Fax: 305-326-6328
smazzola@med.miami.edu

SERVICES FOR THE DISABLED – If special arrangements are required for an individual with a disability to attend this conference, contact Susan Mazzola (305) 326-6480 at least 15 days prior to the conference.
